⬛ Gowshik-S

PROFILE

B.Tech Artificial Intelligence and Data Science student (2024–2028) with a strong interest in backend development and AI-driven solutions. Skilled in C, Python, JavaScript, and Django for building scalable applications. Team Lead and Backend Developer for ORBIS – AI Powered Financial Business Analyst Platform, which secured Top 5 at Hack the Horizon 2.0 (VIT Chennai). Experienced in developing innovative projects such as a voice assistant and gesture-controlled wearable. Eager to apply technical expertise and problem-solving skills through internships and real-world projects.
